

# prosecco di valdobbiadene DOC

## description:

The Valdobbiadene region is located near the town of Conegliano and is one of the best places in the Veneto to produce Prosecco. Extra care is taken at Il Faggeto to preserve the delicate aromas and brightly sparkling bubbles of the wine. The lightly sparkling bubbles in this wine are produced using the Charmat method. After a primary fermentation, the still wine is placed in an autoclave where it undergoes a secondary fermentation for about 20 days until a pressure of 2.5 bar is reached.
