

sauvignon friuli isonzo DOC

description:

The 4 acres of Sauvignon vineyards lie in the plains of Capriva. This combination of old vines which are planted at 3,000 to 4,000 plants per hectare and the new vines which are planted at 7,000 to 8,000 vines per hectare assist in the depth of character inherent in this wine. Roncus produces only 5,000 bottles of this estate wine, a most appreciated Friulano Sauvignon.

tasting notes:

The bright yellow color has reflections of olive green. The bouquet is distinct and aromatic of citrus and flowers. A significant mineral finish that lingers yet is balanced, citrus fruit and slight asparagus notes on the palate give an overall refined freshness to this lively Sauvignon. Great with marinated fish dishes, asparagus risotto and other vegetable dishes.
